

## PLEX CLEANER

### DISCRIPTION:

Plex Cleaner is an equipment cleaner suitable for the removal of uncured Methyl Methacrylate resins. Plex Cleaner has a low evaporation rate, mild odour and low toxicity, making it much more user friendly than other commonly used solvents.

Plex Cleaner is also largely biodegradable and photochemically non-reactive, and therefore more acceptable from an environmental point of view.

Suitable for equipment cleaning, uncured resin removal and for paint removal.

### PACKAGE:

Available in 5 kg buckets.

### SHELF LIFE:

Plex Cleaner has a minimum shelf life of 12 months when stored in original, unopened containers in accordance with manufacturer's instructions.

### DATA BASIS:

All specifications in this product sheet are based on laboratory tests. The data is subject to change depending on the circumstances.

### HEALTH AND SAFETY:

For information and advice on the safe handling, storage and disposal of chemical products, the user should consult the most recent product safety data sheet consult, regarding the physical, ecological, toxicological and other safety-related data.

### FEATURES:

Low hazard  
Low evaporation rate  
Excellent solvency powers  
80% biodegradable

### COLORS:

Clear, colourless liquid
